PART#:  
**S45-3690B, S45-3690B-25**  
**S45-3690BL, S45-3690BL-25**  
**S45-3690W, S45-3690W-25**

### PRODUCT SUMMARY

Simply45 S45-3690 is designed for use in cat6 utp connectivity keystone applications such as wall plates, patch panels, surface mount boxes etc. The jack is built on a 90-degree configuration 110 idc punch down tower design. Meets or exceeds requirements for performance recognized by ansi/tia-568.2-d. Jack fits all other installed telecommunication wall plates, outlets and configurable patch panels. accommodates color codes for 568a and 568b.

Simply45 S45-3690 is the affordable approach to promote performance excellence over the life of system install. Our S45-3690 narrow housing design allows jacks to fit side by side or stackable in 1-6 port plates without clearance issues.
